

5 April 1978

MEMORANDUM FOR:

[redacted]
Associate Director-Management
National Foreign Assessment Center

STAT

FROM

:

[redacted]
NFAC Federal Women's Program Coordinator

STAT

SUBJECT

:

Selection of NFAC Professional Representative
to the Federal Women's Program Board

1. We are pleased to inform you that thirteen professionals applied for the vacant position on the Federal Women's Program Board. For the first time, two men applied. We have narrowed the field to three candidates: [redacted] NIO Office; [redacted] OIA; and [redacted] CRG. All are well qualified and could make a valuable contribution to the Board.

STAT
STAT

2. However, we believe that of these three, [redacted] [redacted] would be the best choice. She shows an unusual commitment to, and interest in the area, both inside and outside the Agency, works in an Office that has never before been represented, and brings a unique experience to the Board -- that of a woman whose professional career was interrupted for a long period by children and her husband's career overseas. Most importantly, she commands both her peers' and supervisors' respect.

STAT
SIAI

3. We hope that you agree with our choice. If so, please sign the attached memorandum requested by [redacted] [redacted], the Agency's Federal Women's Program Coordinator. We thank you for your cooperation.
